\*\* Lab based courses listed below, but may be subject to change.

Advanced Biomedical Science MSc  
Advanced Computer Systems Development  
Advanced Computing/Big Data/Internet of Things/e-health  
Advanced Thin Film Technologies  
Aircraft Engineering  
Biotechnology  
Business Technology  
Chemical Engineering  
Chemistry  
Civil Engineering  
Computer Aided Design  
Computer Aided Engineering  
Computer Aided Engineering with Analysis  
Computer Aided Engineering with Manufacturing  
Computer Aided Engineering with Visualisation and Analysis  
Computer Animation  
Computer Animation with Digital Art  
Computer Games Development  
Computer Games Technology  
Computer Networking  
Computing Science  
Construction Management with Digital Engineering  
Engineering Management  
Enterprise Software Systems  
Formulation Science  
Information and Network Security  
Information Technology  
Mechanical Engineering  
Mechatronics  
Mobile Web Development  
Motorsport Design Engineering  
Music Technology  
Pharmacy Science & Health  
Physics  
Physics with Nuclear Technology  
Product Design & Development  
Science  
Sensor Design  
Sensor Design DL  
Smart Networks  
Sport & Exercise Science  
Web and Mobile Development
