## **List of Debt Repayments**

In order for us to get a better understanding of your general financial situation, please use this template to tell us about any debts you might have. It would be helpful if you were also able to enclose supporting evidence if this is not shown on your bank statements.

NB: Paying only the minimum monthly payment towards debts will mean it costs more and takes longer to repay. We recommend paying a little more than the minimum and will assess your application as such.
