MyDay

MyDay is your student portal which is packed with features to help you in your UWS journey. MyDay is the place to go to get everything else!

To access the myday portal, login (using your UWS credentials) on the following page:
myday.uws.ac.uk

Moodle

The University Virtual Learning Environment (VLE) is Moodle where you can access course information and material, keep up-to-date with each other and access additional learning tools. Moodle can be accessed at any time, on and off campus.
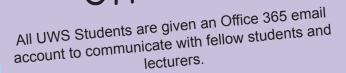

Everyone Print

Want to print to the University printers from any device with Internet access, and without the need to install drivers? You can print from your mobile devices from any location, which has a good internet connection.
Browse – Upload – Print

Visit: **http://eop.uws.ac.uk/**

Get Connected...

The university has a few wireless networks (EduRoam, Guest and Resnet). Eduroam is the wireless network for you.

After the initial setup of Eduroam, it will remember who you are so that you don't have to keep logging in each time you go online.

For setup instructions, visit:
uws.ac.uk/wireless

Office 365

All UWS Students are given an Office 365 email account to communicate with fellow students and lecturers.

Additionally, as a UWS student you are eligible to install Office 365 Education for free on up to five devices. You are also entitled to 1TB of free cloud storage on OneDrive. So, go on get access to Word, Excel, PowerPoint and Outlook plus additional learning and collaboration tools.
