**"As Head of Corporate Services at Kibble, part of my job is to help to design and create more dynamic business models that will allow the Charity to grow and increase the services and support it provides for children across the Scotland and the UK.**

**The chance to study at UWS for an MBA has given me greater confidence in that work. It has given me the space and the time to learn and reflect about important business ideas that I have now been able to put into practice. It is a very rewarding and accessible experience that I would recommend to anyone."**
