

Connect to Guest Wi-Fi

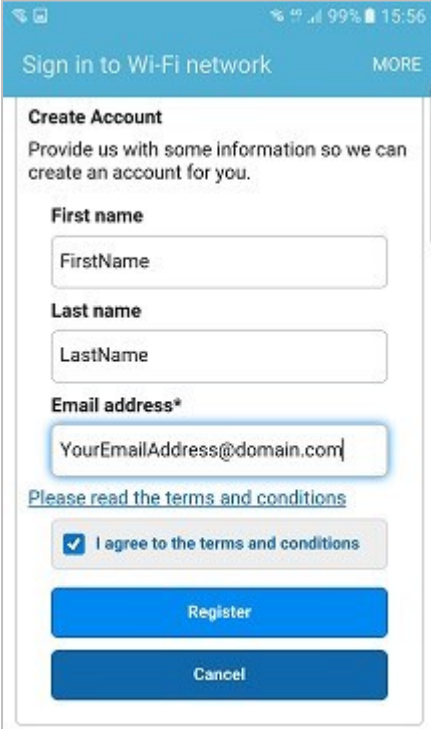

1. Connect your device to the **Guest SSID**.

2. The **UWS Guest Portal** page will open. If you already have login details, go to page **Error! Bookmark not defined..** Otherwise click on **Don't have an account?**

3. You will be asked to enter your **first name**, **last name** and **email address**. Tick the option to confirm **I agree to the terms and conditions** then click **Register**.

The screenshot shows a mobile interface for creating an account. At the top, it says "Sign in to Wi-Fi network" with a "MORE" link. Below this is a "Create Account" section with the instruction: "Provide us with some information so we can create an account for you." There are three input fields: "First name" (containing "FirstName"), "Last name" (containing "LastName"), and "Email address*" (containing "YourEmailAddress@domain.com"). Below the fields is a link "Please read the terms and conditions" and a checked checkbox "I agree to the terms and conditions". At the bottom are two buttons: "Register" and "Cancel".

4. Your username and password will be displayed on the screen and will also be emailed to you. Take note of your details and click **Sign On** to continue.

The screenshot shows the "Account Created" confirmation screen. At the top, it says "Sign in to Wi-Fi network" with a "MORE" link. Below this is a "UWS Guest Portal" header with the Cisco logo. The main content area says "Account Created" and "Username and Password have been emailed to the following Email address:". Below this, it displays "Username: your.emailaddress@do..." and "Password: bnjd". At the bottom is a "Sign On" button.

5. Enter your username and password and click **Sign On**.

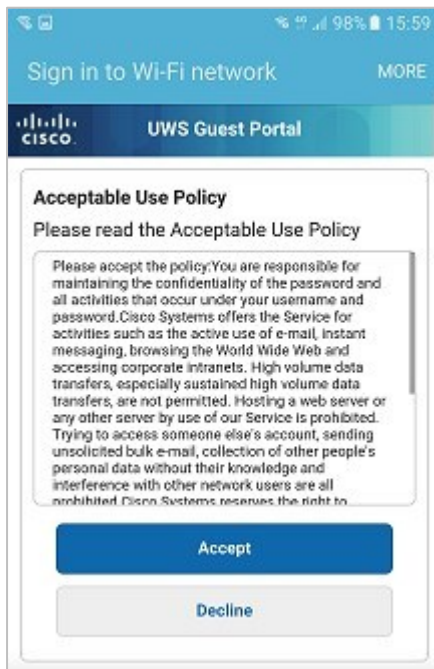

The screenshot shows a mobile interface for signing into a Wi-Fi network. At the top, there's a blue header with "Sign in to Wi-Fi network" and a "MORE" link. Below that is a dark blue bar with the Cisco logo and "UWS Guest Portal". The main content area is titled "Sign On" and contains a welcome message: "Welcome to the Guest Portal. Sign on with the username and password provided to you." There are two input fields: "Username:" with the placeholder "YourEmailAddress@domain.com" and "Password:" with four asterisks. A blue "Sign On" button is at the bottom, with a link "[Don't have an account?](#)" below it.

6. Click **Continue** on the Welcome Message page.

The screenshot shows the same mobile interface as the previous one, but the main content area is titled "Welcome Message". It contains the text: "Click **Continue** to connect to the network. You're very close to gaining network access." A blue "Continue" button is centered at the bottom of the content area.

7. Click **Accept** to agree to the **Acceptable Use Policy**.

You are now connected to Guest Wi-Fi and can open your browser to browse the web.

[If you already have an account](#)

There is no need to register if you already have an account. Enter your username and password on the Sign On page and click **Sign On** then click **Continue** to complete the connection.

Click **Accept** to agree to the Acceptable Use Policy.

You are now connected to Guest Wi-Fi and can open your browser to browse the web.
