

PART TIME DISCRETIONARY FUND

GUIDANCE FOR COMPLETING THE APPLICATION

The Purpose of the Discretionary Fund:

The purpose of the Discretionary Fund is to provide additional financial support to eligible students who will face additional expenses as a direct result of their studies, that might cause financial hardship and prevent engagement in studies. This considers cost of books/course materials, travel and childcare. The fund is unable to support the general living expenses of students.

How to Apply:

The application form is available [here](#) and should be completed by you, as per the guidance that follows.

Guidance notes follow that will help you complete the application and gather together the required supporting evidence. Please follow this guidance carefully to ensure you submit the information required, in a suitable format.

You must submit your application and supporting evidence electronically, via email. If you have read this guidance and have any concern about completing/submitting the application and supporting evidence as instructed, please do contact us at fundingadvice@uws.ac.uk and we will be happy to help.

Spending a little time now reading this guidance carefully and preparing your application will pay off in the long run as we can finalise our assessment more quickly.

How to Complete and Collate your Application Pack – Electronically:

The application form is provided in Microsoft Word format. You should ensure you open the document fully as you will be unable to edit this if it is in preview mode.

When the document has been opened fully, you will be able to provide all information required by typing directly into the document or choosing from a drop-down list of options. You will be unable to edit the document any further than this, but should not need to do so.

When you complete the application form, you should save this Microsoft Word document as your full name. We get thousands of applications and doing this will avoid any issues.

Alongside your application form, we will require supporting evidence as a single PDF document. This means you will need to gather together the required supporting evidence in an electronic format, and collate everything together, into a single PDF document that makes up your entire package of supporting evidence. There are free online tools to help you merge multiple PDF documents into a single file.

If you need to convert electronic files from one type to another, there are free online tools to help you do this.

We recommend a website called [ilovepdf.com](https://www.ilovepdf.com) which will allow you to convert electronic files from one type to another, and merge multiple files into a single document. However, you can also find similar online tools through a simple Google search.

Similar to your Microsoft Word document application, save your PDF file of supporting evidence as your full name.

PLEASE DO NOT SEND US LARGE NUMBERS OF ATTACHMENTS, SCREENSHOTS OF EVIDENCE, SCREENSHOTS FROM YOUR PHONE, OR OTHER IMAGE FILES.

It takes us twice as long to upload and review 2 documents as it does to upload and review 1. If lots of students send us lots of attachments, it significantly slows down the process and will take us much longer to assess your application.

How to Submit your Application Pack:

Once you have your Microsoft Word application and single PDF document with collated supporting evidence, you should submit this via email to fundingadvice@uws.ac.uk If you are a continuing student, you should send this from your student email account.

If we have accepted your application, you will receive confirmation that it has been received within 5 working days. If you do not receive any confirmation (be sure to check junk/spam email folders) or other email responses, please contact us again as this may indicate that we did not receive your application.

How to Complete the Application – Section by Section:

The application document is an editable word document. Fully open the document, making sure to enable editing, then click in the grey areas and type. Follow the highlighted instructions to ensure you provide the details we need.

Remember, any award is a flat rate award based on the number of credits you are enrolled on, so we don't need a lot of information from you.

Section 1 – About you and your household:

Fill in your personal details, including telephone number should we need to reach you.

Your Banner ID number is your unique UWS identification number. If you are a new student, this will be detailed on your offer, and other communications from UWS. It begins with B00 and is followed by 6 digits.

Section 2 – About your studies:

Select the funding scheme that applies to you by ticking the relevant check box.

- For undergraduate students your options are either SAAS Part Time Fee Grant or an annual income of less than £25k
- For postgraduate students your options are either SAAS Postgraduate Tuition Fee Loan or an annual income of less than £25k

If neither option applies to you, it is unlikely you are eligible, so please review the eligibility criteria.

Select your level of study.

We need to know how many modules you are enrolled on in each term, and how many credits this equates to. It is important you accurately align your modules and credits to the correct Term. Term 1 runs from September to December, Term 2 from January to May and Term 3 from May until August.

Ideally, you should apply to this fund once for all your planned studies for this academic year. However, if you think you might add further modules at a later date, we can always revisit your application, but we cannot award funding for studies that you are not enrolled on.

Section 3 – About your study related childcare:

Tick the option to best describe your plans for the year ahead regarding the childcare element of the fund.

Your household must be in receipt of Tax Credits, or equivalent Universal Credits, to apply for help meeting the cost of childcare and you must provide a copy of ALL pages of your current Tax Credit Awards Notice, or Universal Credit statement.

Full details of the childcare costs we can consider are detailed [here](#).

If applying for the childcare element of this fund, we would expect you to submit the accompanying Childcare Form with your main application.

If you have unregistered or informal costs, such as relatives or friends, please book an appointment with us to discuss further. You can do so through The Hub. We are generally unable to contribute towards the costs of unregistered care but will consider any extenuating circumstances.

You should provide details of your childcare provider(s), including their registration number, and your total costs with that provider for your academic year. This should match the detail provided in the Childcare Form, which we will expect you to submit along with this application.

Further guidance on completing the Childcare Form can be found below:

The Childcare Form:

You must submit a completed Childcare Form reflecting the childcare costs you wish to claim through this fund. This is the only supporting evidence we require in respect of your childcare costs. We do not require copies of contracts etc.

This Childcare Form should be completed by your childcare provider – not you. However, you should ensure you discuss your childcare requirements with your provider so the form reflects the care you have signed up for.

Similarly to your application form, this is provided in Microsoft Word format. When the document has been opened fully (i.e. not in preview mode), your provider will be able to provide all information required by typing directly into the document or choosing from a drop-down list of options.

Once complete, your provider should return the form to you. You should save this as your full name, and submit to us along with your own application, and your supporting evidence.

Section 4 - Payment Details, Declaration and Data Protection:

You need to provide us with your bank details so we can make any payment straight in to your account. Take your time and double check the details so we pay the funds into the correct account, avoiding any unnecessary delays.

If your name is different to the name on your bank account, please provide evidence of this when submitting your application, e.g. marriage certificate, deed poll etc. We will be unable to progress a payment without this.

We cannot pay into an account that is not yours. If you would have difficulty with this method of payment, let us know and we'll do what we can to help.

If you have received payments from us in the past, and your bank account details have not changed, we do not need you to provide these details again, but you must still insert your name and date to the Declaration and Data Protection part of this page.

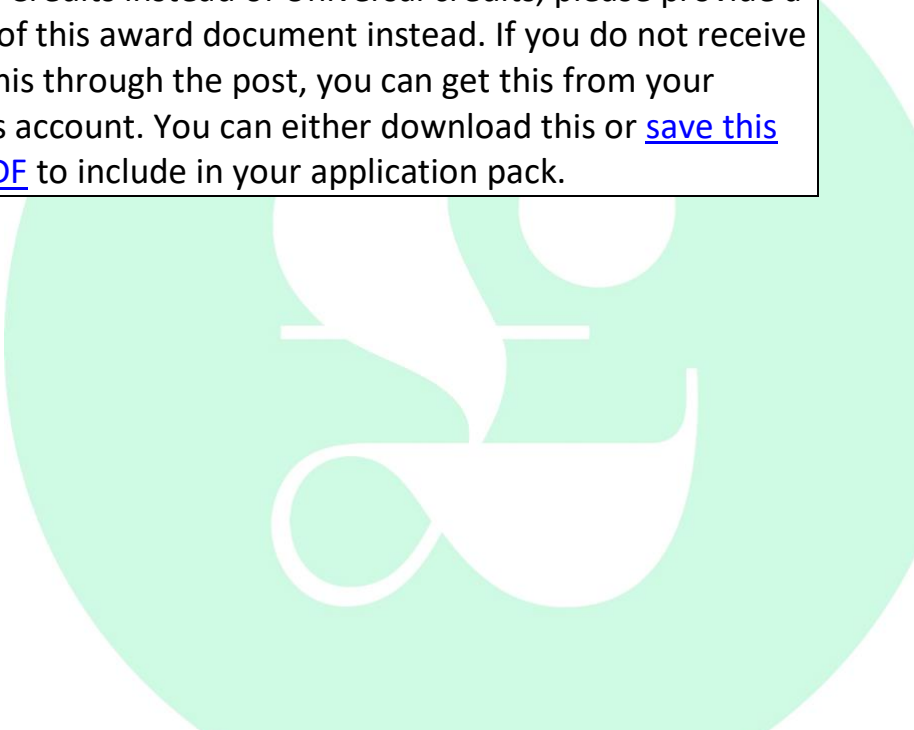

Due to data protection regulations, you must give us permission to use the information you provide to assess your application. To do this, tick the first box within the declaration. If you

do not do this, we will be unable to assess your application or make an award. If you cannot tick the box when completing the application electronically, any indication is sufficient.

We also need your permission to email you information about any funding opportunities that may be relevant to you. To do this, tick the second box within the declaration. If you do not do this, we will be unable to let you know about additional funding that we think you might be eligible for. If you cannot tick the box when completing the application electronically, any indication is sufficient.

Don't forget to add your name and date to the declaration. There is no requirement for a real signature; any indication that you are agreeing to the information is sufficient.
